Spiritual Space(s): Patterns of Convivencia

Photographs by SAÏD NUSEIBEH

January 10 – April 9, 2005

The Atrium Gallery is a program of The Institute for Health & Healing — a national leader in bringing integrative health models to hospitals in the Bay Area.

The Gallery offers cancer patients, staff and the community healing art to help inspire feelings of tranquility and encouragement. Art that can buoy the human spirit serves to complement traditional Western approaches to medical treatment.
